TRIBUTE TO AN ERUDITE ACADEMIC, PROFESSOR ARDO CHIMAH EZEOMAH

We remember with deep respect Professor Ardo Chimah Ezeomah, a dedicated scholar of Normadic Education and a cherished neighbour during our years in the University Quarters at the University of Jos. He was not only a committed academic but also a kind, humble man whose presence enriched our community. Prof was always proud of his Igbo antecedent.

Our families grew up together, and the friendship our children formed in those early years has endured into adulthood, now as graduates, professionals, and parents. This lasting bond speaks to the warmth and values he nurtured in his home.

Professor Ezeomah leaves behind a legacy of service, integrity, and quiet strength. We are grateful for his life and the memories we shared.

May his soul rest in perfect peace. Amen.
